

Histogram

M.Malarmathi
AP/IT

What is histogram?

- A histogram is, a display of statistical information that uses rectangles to show the frequency of data items in successive numerical intervals of equal size

Histogram

```
import plotly.plotly as py
import plotly.graph_objs as go
import numpy as np
x = np.random.randn(500)
data = [go.Histogram(x=x)]
py.iplot(data, filename='basic histogram')
```
